The HAL Energy System Assessment

The first level of the work with the higher order energy system is to get control of the lower order energetic levels and then the code layer of the heart and mind fields. It involves clearing the distortion fields (energy patterns in emotional and mental fields generating the subconscious), the work with past life memories to clear the energies of these, clearing out of ancestral karma, removal of the energetic 4D parasites and implants inserted into our original energetic composition and then begin to work with the consciousness potentials as they unfold into our mind-field, revealing their content. The consciousness potentials will only unfold their content if the heart field is able to produce enough energy to active the consciousness potentials there, as well as in the brain field.

In the HAL Energy System Assessment, the overlay genetics and some of the challenges you are to face in your progression work will be outlined. Most of the information given here will take time to get access to since these levels are hidden behind the distortion energies of the lower fields. A lot must be cleared out before you can work with the information in the HAL Energy System Assessment.

The Energy System Assessment

The Assessment is made to understand the genetic and energetic composition you have in the energy system hidden in the higher dimensional energy fields behind your organic form.

The consciousness potentials of the original solar system humans are hidden in the higher order energy system, and its 6 layered fields within in the higher domains of our reality.

The Assessment will be sent to you, via the email address provided, either a word doc or as a 15 min mp4 attached to the email.

Study the Sciences Behind In:

1. The Transition Science Courses 1-7
2. The Template Science Courses 1-4

The 2 Email Sessions

In each email session, you write the issue you want feedback on. The goal is not always to give the solutions but to instigate the psycho-energetic process from which you get the push to continue your progression journey.

The Terms for the Payment

You begin with paying the fee of 200 EUR for the HAL Energy System Assessment via PayPal. All is included. Then a welcome email will be sent to you on the email address, you have used on PayPal.

In the email, I give instructions on terms and conditions, the how to take the needed selfie and so forth.
