

9-Months Study Group for Progressive Learners

From September 2026 to May 2027

INSTRUCTOR: Randi Green, the HAL Flow-Through Center

Study Group Overview

One monthly online meetup done over MS Teams. The study group meetups will take place on Saturdays from September 2026 to May 2027 from 5:00-7:00 PM Danish Time (check your [time difference here](#)).

The Online Meet Ups

The online meet up aims to generate new insights and learning processes. You do not need an account for the chosen online solution - you can join as a guest user. We will meetup in **MS Teams**.

- *Links for the individual meetups in MS Teams will be sent to you at the latest 2 weeks before the meet up.*

We begin with a 30-45 minute overview of the theme of the day. Here I will investigate the theme within MAP processes (see overview of each meetup next page). After that little talk, we discuss insights from the material (which you have prepared for the day) and share what you have learned. The first section runs for 60 minutes.

Then, a 10-minutes break (if needed, we decide in the group if that is needed), and we end up with another 50-minutes work with the MAP ideas.

The study group is a platform for MAP-progressive learning backed by psychotherapeutic methods (similar to group therapy dynamics). However, there is no personal work involved. We work with MAP as an explorative science, where we join forces in learning the next step of the progression journey.

The content of the lecture for the meet up will unfold on the day.

First Meetup:

Theme: 1. The Conceptual Framework

Saturday September 19th 2026, from 5:00-7:00 PM

Second Meetup:

Theme: 2. Multitemporal Awareness Psychology (MAP)

Saturday October 17th 2026, from 5:00-7:00 PM

Third Meetup:

Theme: 3. The Multitemporal Cognitive Matrix of Perception

Saturday November 14th 2026, from 5:00-7:00 PM

Fourth Meetup:

Theme: 4. Healthy and Unhealthy Flow States

Saturday December 12th 2026, from 5:00-7:00 PM

Fifth Meetup:

Theme: 5. FFC - Forensic Field Convergence

Saturday January 16th 2027, from 5:00-7:00 PM

Sixth Meetup:

Theme: 6. The Five-Layer Model of the Brain Field

Saturday February 20th 2027, from 5:00-7:00 PM

Seventh Meetup:

Theme: 7. Memory Architecture and Artificial Insertions

Saturday March 20th 2027, from 5:00-7:00 PM

Eight Meetup:

Theme: 8. Multidimensional Trauma and Narrative Fragmentation

Saturday April 17th 2027, from 5:00-7:00 PM

Ninth Meetup:

Sum Up and Ending

Saturday May 22nd 2027, from 5:00-7:00 PM

Breakdown of the 9 Online Meetups from 5:00-7:00 PM Danish Time

5:00 PM – 6:00 PM | Joint Investigation

- Lecture on the theme of the day.
- Joint investigation of the theme.
- Open Q&A for clarifications of content.

6:00 PM – 6:10 PM | Break (10 minutes)

- Time to stretch, grab some water, and reflect on key points

6:10 PM – 7:00 PM | Continued MAP Material

- Key takeaways from the meet up
- Final thoughts and next steps

Each meetup is experimental oriented. Yet, it is expected that the foundational MAP paper is studied, and worked with in contemplation and research. We share to learn from each other, and to enable further investigations and adaptation to the new concepts.

Payment and Subscription

9 payments of 75 EUR per month - in total 675 EUR

Payment Subscription Link (PayPal) of 9 installments will be sent to you in July to your email address.

- The 9x75 EUR payments will be paid via the PayPal subscription.
- The 9 installments run automatically. You only need to initiate the subscription via the link sent to you.
- The subscription can be cancelled at any time you like, if you at some point (I hope not) should decide to leave the group.

Please use the payment link on August 1st 2026 the latest to participate in this study group. If you have not begun the 9 installments before August 1st I will assume you have changed your mind, and give your spot to someone else.
