## How to Do This

You sign up by paying the sign-up fee of 45 EUR.

Once I receive the notification from PayPal, I will send you a welcome email with further instructions, using the email address you have used on PayPal.

In the welcome email you get my Skype name for the group call (I create a private group for the purpose and thus not an open invitation, since I have experienced, that outsiders can join).

Thus, you must make contact to me using that Skype name, so I can invite you to the private group.

*If there is any text recommended for the lecture, notice will be given in due time as well as other information, as we get closer to the date of the lecture.*

## **It is a good idea to have worked with my material before.**
