

The HOPE DE1 Work Course 2

– The DE1 Reconfiguration Work in Overview

Content of the Course 2

In this online self-study course, we continue with the Reconfiguration Work. The aim is to understand the work under Principle 7, and how the Correct Commitment apply to the work, as well as the mechanics and dynamics of the HOPE DE1 Reconfiguration work. In this course, we get the overview of the DE1 Reconfiguration Work.

It is expected that the HAL Academy Progression Sciences are completed since the concepts presented here build upon the foundational understanding of the work within the Pillar 1-7, and thus the mastery of the Principles, the Rules of Engagement, and the Laws of Energy – or at least the conceptual understanding of these. All the courses can be found on the HAL Academy Website www.toveje.dk

A Good idea is to do the Higher Order Systemic-Energetic Awareness Courses on the NR Challenges of the Sun and the Stargates.

Included in the course material are 11 podcasts explaining the text material in details. Several videos from YouTube and other groups are included, since they provide background information for the course material.

The duration of all videos is between 35-55 min each.

The 2 Email Questions

You have the possibility to write 2 email questions to me regarding the text material or the content of the videos, while you do the course. Naturally, the questions are ONLY to the material of the course and not any personal issues.

The Terms of Payment

You get access to the courses by paying the fee of 95 EUR. The fee covers the course material and the 2 email Q&As.

How to Do This

You begin with paying the fee on PayPal. Then, when I get the notification from PayPal, the material is sent to you on the email address, you have used on PayPal. In the email, I give instructions on how to get access to the videos on Vimeo, etc.
