The HAL Basic Activation Work Class 1 - April to June 2022

The HAL Basic Activation Work Class 1 is done as a group class using both old and new text material. This is explained into 10-14 videos uploaded on Vimeo. To complete the class, one monthly lecture and Q&A is done over Skype in a private group call.

Max 16 students.

This group class is open for beginners and more trained into the HAL Sciences. The class material will give the background information itself but of course, having done the some of the HAL Academy Online Courses and read the HAL Books, will be a plus.

The HAL Basic Activation Work Class 1 holds the next set of information to undo the effects of the timeline event. In the two group classes, we specialize into new heights having the foundation laid from the other HAL Material.

Background for the Basic HAL Activation Work Classes

In 2022 our solar system begins to align itself with the original solar system architecture on the 3-9 pillar holographic level and thus the original density energies (the holographic-radiation-vibration energies, aka the HRV Energies) will reach new activation potentials for the remaining solar system races, as well as the humanoids under the ancient version of the solar rishis.

We, by this, get a new option to move on with the original template versions of our races and follow the original instructions that were loaded up in the 6D holographic teaching system engineered for our races to undo the effects of the timeline event.

The genetic activation sequences in the book *Terralogy* were made in the early stages of the 3-9 pillar NGC Activation and Cleanup Cycle. The 3-9 pillar work ends in 2025, so this is the last call to get the unwarranted genetics activated with the purpose of clearing them and releasing whatever portions of the template that are stuck in the timelines under the other-systemic races present here.

The HAL Basic Activation Work Class 1 Material

In the HAL Basic Activation Work Class 1, we discuss the information provided in the text material over the course of the semester. The book *Terralogy* will be offered in PDF as part of the course, and new material will be produced to fill out the next level.

The HAL Basic Activation Work Class 1 Goals:

1. Understanding the Regressed Genetics
2. Understanding the Clearing Work
3. Understanding the Basic Energy System, from a viewpoint of Activation
4. Understanding the Dynamics of Activation
5. Understanding the Core Basics in the Energy Work of Activation

But to be able to do so, we must work with the foundation of activation and for that, we will look into the book *Terralogy* in class 1 and then work to the higher levels in class 2. The class 1 material is extracted from the book and rewritten for the purpose here. However, it is a good idea to read the original book, handed over to you in PDF as part of this class.

This class and its material will continue and be completed in the HAL Basic Activation Work Class 2.

The Monthly Skype Group Calls at 8pm Danish time

In the monthly group calls, we discuss the material from a theoretical, and if possible, practical point of view. I begin the group call with a lecture on topics relevant for a progression of the material.

We meet up over Skype in a private group call once a month, from April to June 2022 at 8pm Danish time. Remember to check for DST.

- Each meetup has the duration of 1-2½ hour, all depending on the activity of the group.
- The quality of the group calls depends on the group entirely, since it is up to the group members to present thoughts and ideas on the information provided in the course material. Not just in the form of questions, but in the form of thoughts derived from working with the material.
- *To ensure the highest energy in the call, it will not be possible to discuss personal issues or relate to experiences with other people. Talking about other people invite whatever they hold to the meetup, due to the power of the group dynamics, and talking about personal issues will open up your field and merge it into the group. We use the Rules of Engagement in the group – more will be explained in the first group call.*

The Terms of Payment

You enroll by paying the signup fee of 110 EUR. The signup fee covers the first month of the class beginning in April 2022. You can enroll from January 2022.

Then, in May 2022 and June 2022, you pay additional 110 EUR per month using the subscription link sent to you in the email with the semester material. PayPal does the withdrawal each month on the date, you signed up for the last two payments.

Once the payments are done, the subscription ends automatically. Total cost for the class in each semester, incl. material and group calls, will then be 330 EUR.

You can leave the HAL Basic Activation Work Class 1 at any time, by ending your subscription (and informing me). Ending the HAL Class should therefore be at the end of a month.

How to Do This

You begin with paying the signup fee on PayPal. Then, when I get the notification from PayPal, you will get an email with instructions on how to get access to the videos on Vimeo. Once I get your Vimeo account name – you will send that to me – I will follow you and then I can invite you to the videos. As I write in the welcome email:

How to Get Access to the Videos

- 1) You sign up for Vimeo <https://vimeo.com/>
- 2) Choose the basic and for free membership.
- 3) Find my account and follow me. Click here: <https://vimeo.com/user40156198>
- 4) *Please let me know when you have followed me by sending me an email with your Vimeo name.*
- 5) I will then invite you to the private group and you will get an email from Vimeo, inviting you into the group with the videos, either in the message box on Vimeo or directly to the email, you signed up with on Vimeo.
