The HAL Basic Timeline Work Class 2 September to November 2022

The HAL Basic Timeline Work Class 2 is done as a group class using both old and new text material. This is explained into 10-14 videos uploaded on Vimeo. To complete the class, one monthly lecture and Q&A is done over Skype in a private group call.

Max 16 students.

Since this group class is a continuation of the HAL Basic Timeline Work Class 1, the signups will be taken from the students of class 1 first – then if others are interested, they can apply. The class material will give the background information itself but of course, having done the some of the HAL Academy Online Courses and read the HAL Books, will be a plus.

The HAL Basic Timeline Work Class 2 continues the work to deepen the understanding of the information in order to undo the overall effects of the timeline event. In the two group classes, we specialize into new heights having the foundation laid from the other HAL Material.

Background for the Basic HAL Timeline Work Classes

In 2022 our solar system begins to align itself with the original solar system architecture on the 3-9 pillar holographic level and thus the original density energies (the holographic-radiation-vibration energies, aka the HRV Energies) will reach new activation potentials for the remaining solar system races, as well as the humanoids under the ancient version of the solar rishis.

We, by this, get a new option to move on with the original template versions of our races and follow the original instructions that were loaded up in the 6D holographic teaching system engineered for our races to undo the effects of the timeline event.

The 3-9 pillar work ends in 2025, so this is the last call to get the unwarranted genetics activated with the purpose of clearing them and releasing whatever portions of the template that are stuck in the timelines under the other-systemic races present here.

The HAL Basic Timeline Work Class 2 Material

In the HAL Basic Timeline Work Class 2, we discuss the information provided in the text material over the course of the semester. Completely new material will be produced to fill out the next level. However, it will have roots in the existing HAL Books and previous material. Some of the information is thus to be found in other HAL Academy course material to complete the understanding, because the template, the timelines and the higher order energy system are interconnected.

The HAL Basic Timeline Work Class 2:

1. The Solar System Transition - Next Step
2. The Pole Shift and its Effects - Next Step
3. Understanding Timelines under the Pillar Project
4. ATE Pillar Projects to undo the Effects on the Timelines
5. The Original Template Structure in the Pillar Project
6. What Needs to Be Done on this Level
7. The Higher Order Energy System

The Monthly Skype Group Calls at 8pm Danish time

In the monthly group calls, we discuss the material from a theoretical, and if possible, practical point of view. I begin the group call with a lecture on topics relevant for a progression of the material.

We meet up over Skype in a private group call once a month, from September to November 2022 at 8pm Danish time. Remember to check for DST.

- Each meetup has the duration of 1-2½ hour, all depending on the activity of the group.
- The quality of the group calls depends on the group entirely, since it is up to the group members to present thoughts and ideas on the information provided in the course material. Not just in the form of questions, but in the form of thoughts derived from working with the material.
- *To ensure the highest energy in the call, it will not be possible to discuss personal issues or relate to experiences with other people. Talking about other people invite whatever they hold to the meetup, due to the power of the group dynamics, and talking about personal issues will open up your field and merge it into the group. We use the Rules of Engagement in the group – more will be explained in the first group call.*

The Terms of Payment

You enroll by paying the signup fee of 110 EUR. The signup fee covers the first month of the class beginning in September 2022.

Then, in October 2022 and November 2022, you pay additional 110 EUR per month using the subscription link sent to you in the email with the semester material. PayPal does the withdrawal each month on the date, you signed up for the last two payments.

Once the payments are done, the subscription ends automatically. Total cost for the class in each semester, incl. material and meetups, will then be 330 EUR.

You can leave the HAL Basic Timeline Work Class 2 at any time, by ending your subscription (and informing me). Ending the HAL Class should therefore be at the end of a month.

The Dates for the Group Calls

The Meetups will be on the following dates at 8pm Danish time

Saturday September 10th 2022 at 8pm Danish time

Lecture plus work with the material for the month

Saturday October 8th 2022 at 8pm Danish time

Lecture plus work with the material for the month

Saturday November 12th 2022 at 8pm Danish time

Lecture plus work with the material for the month

How to Do This

You begin with paying the signup fee on PayPal. Then, when I get the notification from PayPal, I will invite you to the private group and you will get an email from Vimeo, inviting you into the group with the videos, either in the message box on Vimeo or directly to the email, you signed up with on Vimeo. You will get an email with the new material as well as the dates of the meetups.
