General Information

The HAL Club is to be seen as an extra addition to the HAL Educational Plan and follows the month-to-month fluctuations in our reality field as we move into the Solar Transition Period and other information that is not covered in the rest of the HAL Material – the goal is to generate a broad overview and keep you to the work.

The HAL Club work in tandem with the HAL Project Advanced Articles, and at times, completes a sequence of information giving on the HAL Project YouTube Channel..... It unfolds within 4 cycles in 2021-2022 and there can be max 20 members in each cycle due to the Skype Group Call.

The 4 HAL Club Cycles in 2021-2022

The HAL Club is offered in 4 cycles of 3 months each. You subscribe to each cycle individually. You can subscribe to a new cycle and then get the videos from the previous cycle included in the price.

Each cycle consists of videos uploaded into a private group on Vimeo, consisting of min 2-4 videos per month. This is the material that we use in the HAL Club Webinars.

The HAL Club Webinars

In the HAL Club Webinars, in the first 30-45 min, I begin with a lecture on a selected topic and the last hour or so, we discuss the other information.

The theme of the HAL Club Webinar will be sent out in the beginning of the month, explaining the background of the lecture held at the webinar. Otherwise, we will work with the video material.

The HAL Club Webinars differ from the content of the two annual HAL Webinars, since the latter will focus on the work for the year in the February Webinar, and in the October Webinar the year is evaluated.
