## **The HAL Transition Group Classes 1-2**

*In 2022, the sun begins its transition process into becoming a density 2 sun.*

*This offers a new opportunity in our energy and template work. That is, for those of us who have prepared for this work, as part of the NGC, and have gained the insight to begin the transition work with our templates in a new advanced way.*

*The preparation for this, is the Progression and Clearing Work, all outlined in the HAL Material books, classes and courses.*

## **The HAL Transition Group Class 1**

The HAL Transition Class 1 looks at the shift of the sun into a density 2 sun, and what that means to our energy system and organic vessel. It also dives into the systemic changes. For us and for the races here. And much more.

The HAL Transition Group Class 1 consists of one monthly meetup, 3-6 videos uploaded on Vimeo per month and text sent to you each month. The text material provides the background for the videos.

## **Some of the Themes in the Course Material**

- *What we know so far and what is to come.*
- *Impact on our society and global economies.*
- *Can we do survive in a DE2 world of change?*
- *Where do the other races stand on this?*

## **The Monthly Skype Meetup at 8pm Danish time**

We meet up over Skype in a group call on the second Saturday of the month, at 8pm Danish time. We will here discuss the material of the month. Remember to check for DST.

The text material will be sent to you via email. The videos are to be accessed on Vimeo, after having accepted the invite to the private group. There will also be given a short lecture in the beginning of the meetup.

- Each meetup has the duration of 1-2½ hour, all depending on the activity of the group.
- The quality of the meetup depends on the group entirely. After the short lecture, it is up to the group members to present thoughts and ideas on the material provided for the month (text and videos). Not in the form of questions, but in the form of thoughts derived from working with the material. If nobody has anything to offer after the lecture, the group call ends.
- **To ensure the highest energy in the call, it will not be possible to discuss personal issues or relate to experiences with other people. Talking about other people will invite whatever they hold to the meetup, because what we give energy will be drawn to us.**

## **The Terms of Payment**

You sign up by paying the signup fee of 110 EUR. The signup fee covers the first month of the class beginning in February 2022. Then from March 2022 and until May 2022, you pay 110 EUR per month using the subscription link sent to you in the welcome email. The monthly 110 EUR from March 2022 until May 2022 are paid automatically from PayPal. Once all payments are done, the subscription ends automatically.

- You can leave the HAL Transition Class 1 after having begun, by ending your subscription (and informing me), but you will only be able to access the videos, you have paid for. Ending the HAL Transition Class 1 should therefore be at the end of a month.
