The HAL Transition Class 2

In 2022, the sun begins its middle stages of its transition process into becoming a density 2 sun.

This offers a new opportunity in our energy and template work. That is, for those of us, who have prepared for this work and have gained the insight to begin the transition work with our energy system to meet up with the new requirements of our solar system. The preparation for this is the Progression and Clearing Work, outlined in the HAL Material books, classes and courses from the HAL Basic Energy Work and into the HAL Integration Classes 1-5.

The HAL Transition Class 2

The HAL Transition Class 2 is a working progress that unfolds over the course of 2022. The videos begin at the end of 2021, with the needed planning for the new year, and then moves into 2022. The goal is to discuss the challenges as they arise and give answers and solutions to these.

The HAL Transition Class 2 is offered as a self-study. The material consists of 17+ videos uploaded into a private group on Vimeo as a progress. There is no text material.

The 2 Email Questions

You have the possibility to write 2 email questions to me regarding the text material or the content of the videos, while you do the HAL Transition Class 2.

It is recommended to add a Skype Q&A

You can click on this option, under the Classes.

Please notice the Skype Q&A is NOT for any personal questions - only to the Class Material.

The Terms of Payment

You get the course material by paying the fee of 180 EUR. This includes 17+ videos and the 2 email Q&As.

How to Do This

You begin with paying the fee on PayPal. Then, when I get the notification from PayPal, the course is sent to you on the email address, you have used on PayPal. In the email, I give instructions on how to get access to the videos on Vimeo, but in essence, you need a free account on Vimeo.

Once I get your Vimeo account name – you will send that to me – I will follow you and then I can invite you to the videos. As I write in the welcome email:

How to Get Access to the Videos

- 1) You sign up for Vimeo <https://vimeo.com/>
- 2) Choose the basic and for free membership.
- 3) Find my account and follow me. Click here: <https://vimeo.com/user40156198>
