The HAL Integration Class 1

The conceptualization of parallel realities, as well as the complete comprehension of the dynamics of relative reality, new ways of perceiving reality become normal.

However, parallel reality conceptualization (and exercising the double awareness) will foster a sort of parallel psychology, from which we can navigate and integrate the new world-view. Naturally, this will also foster a need to know what to expect, being in a human world of double perception, what to do and how to react.

The HAL Integration Class 1

The HAL Integration Class 1 was originally created as a group class to run over 4 months. In the self-study the videos of the 4 months will be given in one go, but remain divided over 4 groups on Vimeo. The text material is collected in one PDF.

The HAL Integration Class 1 discuss the hybridization programs of humanity, the different types of alien attachments to humans (in broad overview) and why it is so. What is the plan of these aliens? And will they remain as part of our reality? How much will they change it? And much more.

The HAL Integration Class 1 consists of 19 videos in total uploaded on Vimeo in 4 private groups and text in PDF. The text material provides a support for the videos but can stand alone.

Headlines of the 4 months

Month 1: On the Human Hybrids & Their Genetics.

Month 2: Australian Genetic Labs & American Military Projects

Month 3: The Psychology of the Double Awareness.

Month 4: Dealing with the Greys & Their Hybrid Programs.
