The HAL Integration Class 5

The conceptualization of parallel realities, as well as the complete comprehension of the dynamics of relative reality, new ways of perceiving reality become normal.

However, parallel reality conceptualization (and exercising the double awareness) will foster a sort of parallel psychology, from which we can navigate and integrate the new world-view. Naturally, this will also foster a need to know what to expect, being in a human world of double perception, what to do and how to react.

The HAL Integration Class 5

The HAL Integration Class 5 unfolds from 2020 and into 2021, as we begin the Rotundum under the number 5. The videos go through the steps of the energy work in details under the next annual Rotundum of the completion cycles, as we move into the galactic settings under the new jurisdiction of the humanoids, as part of their completion work here.

The HAL Integration Class 5 consists of 17+ videos uploaded on Vimeo in a private group. There is no text.
